11. Attached as Exhibit D to this Petition and incorporated herein by reference is the testimony of Houssam Abdallah, president and owner of Global Connection Inc. of America certifying that the Company satisfies all of the requirements for designation as an ETC to serve the Designated Area.

### **III. Area for Which ETC Designation is requested**

12. Global Connection Inc. of America has served and will continue to serve the exchanges where it leases UNE's or resells the services of the non-rural telephone companies, Bellsouth, Sprint and Verizon, in the state of Nevada. Global Connection Inc. of America does not seek designation as an ETC in any areas served by rural telephone companies. Pursuant to the Order in Docket No.

---

<sup>11</sup> See 47 C.F.R §§ 54.201(d)(2).

C10611-04 Dated: April 21,2004, Global Connection Inc. of America does not provide local exchange service in any area served by any Independent telephone company. The exchanges in the Bellsouth, Sprint, and Verizon service areas that Global Connection Inc. of America serves and for which it seeks ETC designation are attached as Exhibit E.

**IV. Granting Global Connection Inc. of America Petition will serve the Public Interest**

13. Congress requires that the Commission grant competitive ETC Petitions in non-rural areas.<sup>12</sup> No specific public interest test is mentioned, as is the case for areas served by rural telephone companies.<sup>13</sup> Thus, the Act provides that the Commission “shall” designate Global Connection Inc. of America as an ETC upon finding that the company meets the nine-point list of services and that it agrees to advertise the supported services throughout the designated service area. Notwithstanding, the designation of Global Connection Inc. of America as an ETC will serve the public interest.
14. A central purpose of the Telecommunications Act of 1996 was to promote competition and reduce regulation.... [Thereby securing] lower prices and higher quality services. And encourage the rapid deployment of new telecommunications technologies.”<sup>14</sup> Designation of Global Connection Inc. of America as an ETC would further these goals. Granting ETC status Global Connection Inc. of America would allow the Company to obtain federal universal service support, which it will use to offer innovative telecommunications services at competitive prices to rural consumers in AT&T, Sprint, and Verizon Service areas.
15. Global Connection Inc. of America will announce and advertise Telecommunications services as an ETC where it provides service in the Bellsouth, Sprint, and Verizon service areas in Nevada and will publicize the

availability of Lifeline and Link-UP services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly Nevada residents will be made aware of the opportunities afforded to them under the Lifeline and Link Up programs and will be able to take advantage of those opportunities by subscribing to Global Connection Inc. of America service.

For the foregoing reasons Global Connection Inc. of America respectfully request that the Commission grant its petition and designate the Company as an ETC for the AT&T, SBC, Sprint, and Verizon exchanges specified herein.

Respectfully submitted,

By: 

Houssam Abdallah

Owner, Global Connection Inc. of America

To The Board of Directors  
Global Connection, Inc. of America  
Atlanta, Georgia

I have reviewed the accompanying balance sheet of Global Connection Inc. of America as of the year ended December 31, 2006 and the related statements of income and retained earnings and cash flows for the year then ended in accordance with Statements on Standards for Accounting and Review Procedures issued by The American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of Global Connection Inc. of America. A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an examination in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting

My review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America
